

Allens Leak Detector Spray

PRODUCT DESCRIPTION

Allens Leak Detector Spray is a ready to use blend of high foaming surfactants. Specially formulated to be completely biodegradable and non-corrosive to all types of pipe media. Supplied with a pump spray applicator.

PRODUCT INFORMATION

- ◆ Contains a blend of anionic and non-ionic surfactants
 - ◆ Incorporates a non aggressive complex detergent formulation
 - ◆ A readily biodegradable mild formula with neutral pH
 - ◆ Fluorescent yellow coloured mobile liquid
 - ◆ Pack incorporates a directional spray nozzle
 - ◆ Suitable for all leak detection operations
 - ◆ Convenient pack size
- ⇒ Ensures effective detection of gas leaks by readily forming bubbles at the area of leak
 - ⇒ Suitable for use on all surface types including soft metals and plastics
 - ⇒ Safe to use
 - ⇒ Easy application with high visibility in poor light areas
 - ⇒ Fluid can be applied where required, especially in hard to access areas
 - ⇒ *Excess Leak Detector Fluid can easily and safely be washed away*

SPECIFICATION

Appearance	Non viscous liquid
Colour	Fluorescent yellow
Odour	Slight detergent
pH	6-7
Specific Gravity @ 20°C	1.02 ± 0.01

PACK SIZES

Available in two convenient to use pack sizes: 500ml clear recyclable HDPE containers.

DIRECTIONS FOR USE

Apply product to area to be tested for leaks covering the whole of the suspect area. Any leaks will soon become obvious by the formation of bubbles at the point of the leak. Once testing is complete Allens Leak Detector Spray may be wiped away with a damp cloth leaving the area clean and uncontaminated. Store in original container in a cool area.
