## DAIRY DETERGENTS & DISINFECTANTS

### Glittersol Excel Super Concentrate

A superior quality high strength biodegradable detergent with long lasting foam and excellent grease cutting action. Green. Unperfumed.

Unit of sale: 5 Litre (M-DL02) and 25 Litre (M-DL08)

### Liquid Filter Cleaner

A high performance caustic based detergent for the effective defatting and cleaning of all re-usable milk filter elements. Equally effective in hard water areas.

Unit of sale: 5 Litre (M-HA06)

### Pine Disinfectant

A quaternary ammonium-based, pine fragranced disinfectant. For general purpose cleaning and disinfecting of walls, floors, sinks and toilets. Complies with BS6471 and BS 6424.

Unit of sale: 5 Litre (M-DS02) and 25 Litre (M-DS22)

### PeraSan

A biodegradable stabilised blend of acetic acid and hydrogen peroxide. A high performance sanitiser especially suited for use in manual / automatic applications as a terminal disinfectant on food contact areas.

Unit of sale: 25 Litre (M-DS15) and 200 Litre (M-DS16)

### HyperSan (35% w/v hydrogen peroxide)

A stabilised hydrogen peroxide solution used as a general purpose disinfectant for terminal disinfection.

Unit of sale: 25 Litre (M-DS30)

### Formaldehyde (38% w/v)

A stabilised formaldehyde solution used as a foot disinfectant for cattle.

Unit of sale: 25 Litre (M-RM21-25) and 200 Litre (M-RM21-200)

### Red Label Hypochlorite (10% available Chlorine)

A standard strength stabilised sodium hypochlorite solution highly effective for all sanitising applications.

Unit of sale: 5 Litre (M-BL12), 25 Litre (M-BL11), 200 Litre (M-BL10)

### Thick Bleach

A standard strength viscous bleach with good clinging properties for prolonged cleaning action. For use in toilets and washrooms and on all hard surfaces.

Unit of sale: 5 Litre (M-BL04)

### Purple Bleach

A food grade bleach specifically for manual cleaning and sanitising of plant and equipment within the dairy parlour. Purple to give visibility in all applications.

Unit of sale: 5 Litre (M-BL08) and 25 Litre (M-BL28)

## CIRCULATION CLEANERS

### Milkstone Remover Excel

A high strength phosphoric acid based detergent descaler. With low-foam action, for improving process efficiency of all manual, automated and in place cleaning operations.

Unit of sale: 5 Litre (M-HA50) and 25 Litre (M-HA51)

### Uniclean

A super high 50% strength phosphoric acid based detergent sanitiser descaler. With low-foam action, for improving process efficiency of all manual, automated and in-place cleaning.

Unit of sale: 20 Litre (M-HA55)

### Del-Flow IP

A non-foaming chlorinated detergent for effective 2 in 1 cleaning and sanitising of pipelines and dairy equipment. With added water softeners for use with hard water.

Unit of sale: 25 Litre (M-HA47)

### Alkali-Kleen

For effective cleaning and disinfection of all types of milking equipment, especially direct to line milking plants. Used primarily after morning milking and in conjunction with Acid-Kleen, as part of a balanced 2 stage cleaning program.

Unit of sale: 25 Litre (M-HA41)

### Acid-Kleen

For effective cleaning and descaling of all types of milking equipment, especially direct to line milking plants. Used primarily after evening milking and in conjunction with Alkali-Kleen, as part of a balanced 2 stage cleaning program.

Unit of sale: 25 Litre (M-HA44)

### Liquid Pasteuriser Cleaner

A low-foaming liquid based liquid detergent. Suitable for single stage cleaning of plate pasteurisers (HTST).

Unit of sale: 25 Litre (M-HA66)

### Bottlewash Cleaner

A high strength caustic low-foam liquid detergent for fast, effective cleaning with all types of glass bottle washing machines. Excellent rinse properties, low residue.

Unit of sale: 25 Litre (M-HA61)

### D-CP.4 Excel

A non-foaming highly concentrated 2-in-1 powder circulation cleaner for the cleaning and sterilisation of pipelines and dairy equipment.

Unit of sale: 20 Kilo bucket (M-HAP42)

## UDDER PREPARATIONS

### Advantage RTU

A versatile high foaming ready-to-use formulation that may be applied as a dip, spray or foam. Suited for pre- or post- dipping, udder washing or as a cluster dip. Contains 0.29% Iodine and 11.5% emollients, including Lanolin.

Unit of sale: 25 Litre (M-HA81), 200 Litre (M-HA82), 1000 Litre (M-HA83)

### Trestra I2

A versatile ultra-high emollient ready-to-use udder hygiene product that may be applied as a dip, spray or foam. Suited for post- dipping, udder washing or as a cluster dip. Contains 0.29% Iodine and 12% emollients, including Glycerine.

Unit of sale: 25 Litre (M-HA88), 200 Litre (M-HA89), 1000 Litre (M-HA90)

### Platinum

A versatile high-emollient ready-to-use udder hygiene product that may be applied as a dip, spray or foam. Suited for post- dipping, udder washing or as a cluster dip. Contains 0.29% Iodine and 10% emollients, including Glycerine.

Unit of sale: 25 Litre (M-HA91), 200 Litre (M-HA92), 1000 Litre (M-HA93)

### Iodine RTU

A versatile and economic ready-to-use formulation that may be applied as a dip, spray or foam. Suited for pre- or post- dipping, udder washing or as a cluster dip. Contains 0.29% Iodine and 6% emollients, including Lanolin.

Unit of sale: 25 Litre (M-HA991) and 200 Litre (M-HA992)

### Iodine Concentrate 3:1

A premium iodine based concentrate that may be applied as a dip, spray or foam. Upon dilution is suited for post- dipping, udder washing or as a cluster dip. Contains Iodine and 6% emollients, including Lanolin and Glycerine.

Unit of sale: 25 Litre (M-HA85)

### Iodophor 10%

An iodine-based antiseptic solution that may be applied by brushing, dipping or spraying.

Unit of sale: 5 Litre (M-HA98)

### Chlorhexidine RTU

A highly versatile ready-to-use formulation that may be applied as a dip, spray or foam. Suited for post- dipping, udder washing or as a cluster dip. Contains 0.29% Chlorhexidine Digluconate and 11.5% emollients including Lanolin and Glycerine.

Unit of sale: 25 Litre (M-HAC81) and 200 Litre (M-HAC82)

## BULK TANK CLEANERS

### Del-DX Tank Cleaner

A strong chlorinated caustic detergent disinfectant with superior clean properties for effective cleaning of direct expansion milk tanks. Very low foam.

Unit of sale: 25 Litre (M-HA21)

### Acid Tank Cleaner

A high performance acid based cleaner/descaler/sanitiser for cold water cleaning of ice bank bulk milk tanks. Particularly suited to automatic tank washing operations and CIP uses due to low foaming characteristics.

Unit of sale: 25 Litre (M-HA27)

### Iodine Bulk Tank Cleaner

A bactericidal acidic liquid detergent sanitiser for automatic cleaning of bulk tanks. The high acid content of this product aids in the prevention of Milkstone. Contains Iodine.

Unit of sale: 25 Litre (M-HA24)

### Bulk Tank Powder

For manual cleaning and disinfection of surfaces, including bulk tanks. A free-flowing pink powder.

Unit of sale: 5 Kilo (M-HAP21)

## HARD SURFACE CLEANERS

### Delsol Excel Super Hard Surface Cleaner

A high performance non-caustic based detergent for the effective cleaning of hard surfaces. Also suitable for vehicle cleaning, applied either manually or via a pressure washer.

Unit of sale: 5 Litre (M-HS02), 25 Litre (M-HS04), 200 Litre (M-HS09)

### Delsol Excel Super Surface Degreaser

A high performance non-caustic based detergent for the effective cleaning and degreasing of hard surfaces. With added orange oil extract for superior cleaning.

Unit of sale: 5 Litre (M-HS06), 25 Litre (M-HS08)

## HAND CLEANSERS

### Pink Pearl Luxury Hand Soap

A high foaming pearlised and pleasantly fragranced hand soap for the general cleaning of dirt and grime from hands. With added skin conditioner.

Unit of sale: 500ml (M-HC17) and 5 Litre (M-HC15)

### BluBac Bactericidal Hand Soap

An effective hand cleaner with broad antimicrobial action to reduce the spread of germs within the milking parlour environment. With added Glycerine to maintain good skin condition.

Unit of sale: 500ml (M-HC07) and 5 Litre (M-HC05)

### HandiSan (MRSA) Alcohol Hand Gel

With added emollients and skin conditioners, an alcohol-based hand gel with broad spectrum antimicrobial action that is kind on hands. For a comprehensive hygiene protocol, use in combination with Pink Pearl or BluBac Bactericidal Hand Soap.

Unit of sale: 100ml pocket size (M-AHR100), 500ml counter top (M-AHR500), 5 Litre dispenser refill (M-AHR5L)

## WET WIPES / DAIRY WIPES

### Anti-Bac Hand Cleaning Wipes

Soft, strong biodegradable wipes with antimicrobial action that effectively sanitise whilst removing surface dirt and grime.

Unit of sale: 100 Sheet Pack x 10 (M-HC31)

### Anti-Bac Surface Wipes

White non-woven biodegradable wipes impregnated with a broad antimicrobial agent. Suitable for use on all surfaces.

Unit of sale: 100 Sheet Pack x 10 (M-SC17)

### T1 Teat Wipes

Blue non-woven wipes comprising 100% biodegradable paper impregnated with a broad antimicrobial agent and emollients for gentle cleansing of cow's udder.

Unit of sale: 600 Sheets - Tub (M-HA70), 3x600 Logs - Refill (M-HA71)

### T2 Teat Wipes

Blue non-woven wipes comprising a soft but durable thermo-bonded viscose material impregnated with a broad antimicrobial agent and added emollients for extra gentle cleansing of cow's udder.

Unit of sale: 600 Sheets - Tub (M-HA76), 3x600 Logs - Refill (M-HA77)

## OTHER

### Shampers Animal Shampoo

A cleansing shampoo with skin conditioners for cattle, sheep, horses and pets. Leaves coat conditioned and helps retain gloss and shine. Mild pleasant fragrance.

Unit of sale: 5 Litre (M-SH01)

### Soya Oil Feed

Soya oil is a highly concentrated source of slow release feed energy. Other benefits include improved digestibility and the presence of significant levels of the omega 6 fatty acid, linoleic acid.

Unit of sale: 5 Litre (RM-S13)

### Benefits of becoming a Delf customer:

- o Performance products at highly competitive prices.
- o Full product support.
- o Friendly, efficient reliable service committed to supporting your business needs.
